

Remainder Concept Practice Worksheets - Answer Key

Use this separately from the student worksheet pack.

Worksheet	Q1	Q2	Q3	Q4
1	84 stickers	40 litres	\$192	$\frac{1}{2}$
2	180 pages	60 litres	140 tarts	$\frac{1}{8}$
3	96 marbles	20 cookies	\$216	$\frac{1}{4}$
4	360 bottles	88 litres	\$168	$\frac{1}{12}$
5	\$400	30 litres	126 cupcakes	$\frac{1}{5}$

Method reminder

1. Identify whether the second fraction is of the original amount or of the remainder.
2. For 'of the remainder', first find the remaining fraction after the first action.
3. Use units or branching to link the final remainder back to the original total.
4. Write the final answer with the correct unit, such as dollars, litres, pages, or items.
